

Patch for MapInfo Professional v8.0

This is an incremental patch that will update MapInfo Professional v8.0 Build 18 to MapInfo Professional v8.0 Build 21. This patch can only be applied to the release versions of MapInfo Professional v8.0. This patch is not valid for any pre-releases of MapInfo Professional v8.0, MapBasic v8.0, MapInfo Professional Runtime v8.0 or ProViewer v8.0. There are no user interface changes, and it can be safely applied to any localised releases of MapInfo Professional v8.0.

To download the patch or click in Help>Check for Updates whilst in MapInfo Professional v8.0.
